

# Seven Hills North Public School

A quality education in a caring environment

## SCHOOL ACTIVITIES AT NEARBY VENUES

Dear Parents,

During the year we use the facilities of Melody Gardens (opposite school in Beethoven Street) for a range of school activities.

We may take a group of children here for:

- sport, sport training eg school cross country and athletics carnival,
- for a curriculum activity eg observing road signs,
- recreational activities eg party day.

There may also be times when the class teachers need to take the children just outside the school grounds eg to the traffic lights on Seven Hills Road, or down the laneway alongside the school. These activities may include:

- community service eg visiting Seven Hills Nursing Home,
- environmental tree planting.

The children are, of course, under our supervision at all times.

If you agree to our taking your child to these sorts of nearby venues when necessary, would you sign the form below and return it to your child's class teacher. The permission note will cover the whole time your child attends Seven Hills North Public School.

Where practicable, parents will be notified through the Newsletter when these events will be taking place.

Regards,

Renai Diamond  
Principal
